Hello there!

Welcome to my fine art Live Wedding Painting experience.

I capture the magic of your wedding day as it unfolds, transforming fleeting moments into timeless artwork. Each painting is created live during your celebration, allowing guests to witness the process, and then carefully refined after the event to become a finished heirloom you'll treasure for generations. Live wedding painting is more than entertainment — it's a deeply meaningful keepsake that preserves how your day felt, not just how it looked.

Why Choose Live Wedding Painting? Your wedding day is filled with emotion, movement, and once-in-a-lifetime moments.

Live wedding painting captures all of that in a way photography alone cannot.

- A one-of-a-kind heirloom artwork
- A memorable experience your guests love watching
- A personal, artistic interpretation of your story
- A lasting reminder of your vows, joy, and celebration

Each painting is thoughtfully composed to reflect the beauty and emotion of your day.

My Process: Before your wedding, we'll connect to discuss your vision, chosen moment, and any meaningful details you'd like included.

On the day of your celebration, I paint live onsite for 6-8 hours, allowing guests to watch the artwork come to life. After the wedding, the painting is carefully refined in my studio to ensure it is polished, balanced, and ready to be displayed in your home.

Your finished artwork is delivered shortly after the event as a timeless keepsake of your wedding day.
